Примечание для существующих участников программы. С прошлого года этот список рекомендованных лекарственных препаратов был изменен. Пожалуйста, ознакомьтесь с этим документом, чтобы убедиться, что он все еще содержит препараты, которые вы принимаете.

Когда в этом списке лекарств (списке рекомендованных лекарственных препаратов) упоминается «мы», «нас» или «наш», это относится к Central Health Medicare Plan. Когда речь идет о «плане» или «нашем плане», это означает Central Health Medicare Plan.

Этот документ содержит список лекарств (список рекомендованных лекарственных препаратов) для нашего плана, который действителен по состоянию на 04/01/2026. Для получения обновленного списка лекарств (списка рекомендованных лекарственных препаратов) свяжитесь с нами. Наша контактная информация, а также дата последнего обновления списка лекарств (списка рекомендованных лекарственных препаратов) указаны на первой и последней страницах.

Как правило, чтобы воспользоваться покрытием на отпускаемые по рецепту лекарства, вам необходимо обращаться в сетевые аптеки. Покрываемые услуги, список рекомендованных лекарственных препаратов, сеть аптек и (или) доплаты/совместное страхование могут меняться 1 января 2026 года и время от времени в течение года.

Что такое список рекомендованных лекарственных препаратов плана Central Health Medicare Plan?

В этом документе термины «список лекарств» и «список рекомендованных лекарственных препаратов» означают одно и то же. Список рекомендованных лекарственных препаратов — это список покрываемых препаратов, отобранных представителями плана Central Health Medicare Plan после консультаций с группой поставщиков медицинских услуг, который представляет собой рецептурные препараты, считающиеся необходимой частью качественной программы лечения. План Central Health Medicare Plan, как правило, покрывает препараты, перечисленные в нашем списке рекомендованных лекарственных препаратов, если препарат необходим по медицинским показаниям, рецепт выписан в аптеке сети плана Central Health Medicare Plan и соблюдаются другие правила плана. Для получения дополнительной информации о том, как выписывать рецепты, ознакомьтесь с документом «Границы страховой ответственности страховщика» (Evidence of Coverage).

Могут ли вносить изменения в список рекомендованных лекарственных препаратов?

Большинство изменений в покрытии лекарств происходит 1 января, но представители плана Central Health Medicare Plan могут в течение года добавлять или удалять лекарства из списка лекарственных препаратов, переводить их на разные уровни распределения расходов или добавлять новые ограничения. При внесении этих изменений мы должны следовать правилам Medicare. Обновления списка рекомендованных лекарственных препаратов публикуются ежемесячно на нашем веб-сайте здесь: centralhealthplan.com/PartD/Formulary.

Изменения, которые могут повлиять на вас в этом году. На вас повлияют изменения покрытия в течение года в указанных ниже случаях.

- **Немедленная замена некоторых новых версий патентованных лекарственных препаратов и оригинальных биологических препаратов.** Мы можем незамедлительно исключить препарат из списка лекарств, если мы заменяем его определенной новой версией этого препарата, относящейся к тому же или к более низкому уровню страхового покрытия и имеющей такие же или меньшие ограничения. Когда мы добавляем новую версию препарата в наш список рекомендованных лекарственных препаратов, мы можем принять решение оставить патентованный препарат или оригинальный биологический

препарат в нашем списке лекарств, но немедленно перенести его на другой уровень распределения расходов или добавить новые ограничения.

Мы можем вносить такие немедленные изменения только в том случае, если добавляем новую непатентованную версию патентованного препарата или добавляем определенные новые биоаналогичные версии оригинального биологического препарата, которые уже были включены в список рекомендованных препаратов (например, добавляем взаимозаменяемый биоаналог, который можно заменить в аптеке оригинальным биологическим препаратом без необходимости выписывать новый рецепт).

Если вы в настоящее время принимаете такой патентованный препарат или оригинальный биологический препарат, мы не можем уведомить вас заранее о немедленном изменении, но позже мы предоставим вам информацию о конкретных изменениях, которые мы внесли.

Если мы внесем такое изменение, вы или выписавшее вам рецепт лицо можете попросить нас сделать исключение и продолжить покрывать стоимость патентованного препарата для вас. Для получения дополнительной информации см. раздел далее под названием «Как запросить исключение из списка рекомендованных лекарственных препаратов плана Central Health Medicare Plan?»

Некоторые из этих типов препаратов могут быть вам незнакомы. Для получения дополнительной информации см. раздел «Что такое оригинальные биологические препараты и как они связаны с биоаналогами?»

- **Лекарственный препарат снимается с продажи.** Если производитель снимает препарат с продажи или Управление по контролю качества пищевых продуктов и лекарственных средств США (Food and Drug Administration, FDA) принимает решение об отзыве по соображениям безопасности или проблем с эффективностью, мы можем немедленно исключить препарат из нашего списка рекомендованных лекарственных препаратов, а затем уведомить участников, использующих препарат.
- **Прочие изменения.** Мы можем вносить другие изменения, которые влияют на участников программы, принимающих лекарственные препараты. Например, мы можем исключить патентованный препарат из списка рекомендованных лекарственных препаратов при добавлении непатентованного аналога или исключить оригинальный биологический препарат при добавлении биоаналога. Мы также можем применить новые ограничения к патентованному препарату или оригинальному биологическому препарату и (или) переместить его на другой уровень распределения расходов. Мы можем внести изменения на основе новых клинических рекомендаций. Если мы удаляем препараты из нашего списка рекомендованных лекарственных препаратов или добавляем предварительное разрешение, ограничения по количеству и (или) ступенчатую терапию в отношении препарата или переводим препарат на более высокий уровень распределения расходов, мы должны уведомить участников об изменении не менее чем за 30 дней до вступления изменения в силу. В качестве альтернативы, когда участник запрашивает пополнение лекарственного препарата, он может получить 31-дневный запас лекарственного препарата и уведомление об изменении.

Если мы внесем такие изменения, вы или выписавшее вам рецепт лицо, можете попросить нас сделать исключение и продолжить покрывать стоимость препарата, который вы принимаете. В уведомлении, которое мы вам предоставим, также будет содержаться информация о том, как подать запрос об исключении, а также вы можете найти информацию в разделе ниже под названием «Как запросить исключение из списка рекомендованных лекарственных препаратов плана Central Health Medicare Plan?»

Изменения, которые не повлияют на вас, если вы в настоящее время принимаете препарат.

Как правило, если вы принимаете лекарственный препарат из списка 2026 года, стоимость которого покрывалась в начале года, мы не отменим и не изменим покрытие этого препарата до конца года за исключением случаев, описанных выше. Это означает, что препараты останутся доступными при том же распределении расходов и без каких-либо новых ограничений для тех участников, которые принимают их в течение оставшейся части года покрытия. В этом году вы не получите прямого уведомления об изменениях, которые вас не касаются. Однако 1 января следующего года такие изменения повлияют на вас, и важно проверить список рекомендованных лекарственных препаратов на новый льготный год на предмет любых изменений в лекарствах.

Прилагаемый список рекомендованных лекарственных препаратов актуален по состоянию на 04/01/2026. Чтобы получить обновленную информацию о препаратах, покрываемых планом Central Health Medicare Plan, свяжитесь с нами. Контактная информация указана на лицевой и оборотной сторонах обложки.

Как пользоваться списком рекомендованных лекарственных препаратов?

Далее описаны два способа поиска лекарственного препарата в списке.

По заболеванию

Список рекомендованных лекарственных препаратов начинается со страницы 11. В этом списке лекарственные препараты разбиты на категории в зависимости от типа заболеваний, для лечения которых они применяются. Например, препараты, используемые для лечения заболеваний сердца, перечислены в категории «Сердечно-сосудистые заболевания». Если вы знаете, для чего используется ваш препарат, найдите название категории в списке, который начинается со страницы 11. Затем найдите свой препарат в данной категории.

По алфавиту

Если вы не уверены, в какой категории искать, поищите свой препарат в указателе, который начинается на странице 96. Указатель содержит список по алфавиту всех препаратов, включенных в этот документ. В указателе перечислены как патентованные, так и непатентованные препараты. Поищите в указателе свой препарат. Рядом с вашим препаратом вы увидите номер страницы, где находится информация о страховом покрытии. Перейдите на страницу из указателя и найдите название вашего препарата в первом столбце списка.

Что такое непатентованные лекарственные препараты?

План Central Health Medicare Plan покрывает как патентованные, так и непатентованные лекарственные препараты. Непатентованный препарат получает одобрение FDA как имеющий тот же активный ингредиент, что и патентованный препарат. Как правило, непатентованные препараты столь же эффективны, но обычно стоят дешевле, чем патентованные препараты. Для многих патентованных лекарственных препаратов существуют непатентованные аналоги. Обычно

непатентованные препараты можно получить в аптеке без необходимости получать новый рецепт (в зависимости от законодательства штата)..

Что такое оригинальные биологические препараты и как они связаны с биоаналогами?

Когда мы упоминаем слово «препараты» в списке рекомендованных препаратов, это может означать как лекарство, так и биологический продукт. Биологические продукты — это препараты, которые имеют более сложный состав, чем обычные лекарства. Поскольку биологические продукты сложнее обычных лекарств, вместо непатентованной формы у них есть альтернативные формы, которые называются биоаналогами. Как правило, биоаналоги работают так же хорошо, как и оригинальный биологический препарат, но могут стоить дешевле. Для некоторых оригинальных биологических препаратов существуют биоаналогичные альтернативы. Некоторые биоаналоги считаются взаимозаменяемыми биоаналогами и, в зависимости от законодательства штата, могут быть заменены оригинальным биологическим препаратом в аптеке без необходимости получения нового рецепта, так же как непатентованные лекарства могут быть заменены патентованными препаратами.

Информацию о типах лекарственных средств см. в разделе 3.1 документа «Границы страховой ответственности страховщика» (Evidence of Coverage), глава 5 «Список лекарственных препаратов», где перечислены лекарственные препараты, покрываемые по части D.

Существуют ли ограничения для моего страхового покрытия?

Некоторые покрываемые препараты могут иметь дополнительные требования или ограничения по страховому покрытию. Ниже указано, что могут включать эти требования и ограничения.

- **Предварительное разрешение.** В плане страхования Central Health Medicare Plan требуется, чтобы вы или выписывающее вам рецепт лицо получили предварительное разрешение на определенные препараты. Это означает, что прежде чем вы получите рецептурные препараты, вам нужно будет получить одобрение от представителя плана Central Health Medicare Plan. Если вы не получите одобрение, препарат, возможно, не будет покрыт планом Central Health Medicare Plan.
- **Ограничения по количеству.** Для некоторых лекарств в плане Central Health Medicare Plan есть ограничения по количеству лекарственного препарата, которое будет покрыто планом страхования Central Health Medicare Plan. Например, планом Central Health Medicare Plan предусмотрено покрытие 30 рецептов на эзомепразол магния. Это может быть дополнением к стандартному месячному или трехмесячному запасу лекарств.
- **Ступенчатая терапия.** В некоторых случаях условиями плана Central Health Medicare Plan требуется, чтобы вы сначала попробовали определенные препараты для лечения вашего заболевания, прежде чем мы утвердим страховое покрытие другого лекарства для этого заболевания. Например, если и препарат А, и препарат В используются при лечении вашего заболевания, план Central Health Medicare Plan может не покрывать препарат В, пока вы сначала не попробуете препарат А. Если препарат А вам не подойдет, план Central Health Medicare Plan покроет препарат В.

Чтобы узнать, существуют ли для вашего лекарственного препарата дополнительные требования или ограничения, см. список рекомендованных лекарственных препаратов, который начинается на стр. 11. Посетив наш веб-сайт, также можно получить дополнительную информацию об ограничениях, применяемых к конкретным покрываемым препаратам. Мы опубликовали онлайн-версии документов, в которых приведено объяснение ограничений касательно предварительного разрешения и ступенчатой терапии. Вы также можете попросить нас прислать вам копию этой

документации. Наша контактная информация, а также дата последнего обновления списка лекарственных препаратов указаны на первой и последней страницах.

Вы можете подать запрос в план страхования Central Health Medicare Plan об исключении из этих ограничений или предоставить список других, аналогичных препаратов, которые могут помочь в лечении вашего заболевания. Информацию о том, как запросить исключение, см. в разделе «Как запросить исключение из списка рекомендованных лекарственных препаратов плана Central Health Medicare Plan?» на стр. 7.

Что такое безрецептурные препараты?

Безрецептурные препараты — это отпускаемые без рецепта средства, которые обычно не покрываются планом Medicare для рецептурных лекарственных препаратов. План Central Health Medicare Plan оплачивает определенные безрецептурные препараты. Вам как участнику плана Central Health Medicare Plan эти безрецептурные препараты будут предоставляться бесплатно. Стоимость этих безрецептурных препаратов в рамках плана Central Health Medicare Plan не будет учитываться в ваших общих расходах на лекарственные препараты Части D.

Что делать, если моего препарата нет в списке рекомендованных лекарственных препаратов?

Если ваш препарат не включен в этот список (список покрываемых препаратов), вам следует сначала связаться с Отделом обслуживания участников программы страхования и уточнить, покрывается ли ваш препарат.

Если вы узнаете, что ваш препарат не покрывается планом Central Health Medicare Plan, у вас есть две возможности:

- Вы можете запросить у Отдела обслуживания участников программы страхования список аналогичных препаратов, покрываемых планом Central Health Medicare Plan. Когда вы получите список, покажите его своему врачу и попросите его назначить аналогичный препарат, который покрывается планом Central Health Medicare Plan.
- Вы можете подать в план страхования Central Health Medicare Plan запрос на исключение из правил покрытия вашего лекарственного препарата. Ниже приведена информация о том, как запросить исключение.

Как запросить исключение из списка рекомендованных лекарственных препаратов плана Central Health Medicare Plan?

Вы можете подать в план страхования Central Health Medicare Plan запрос на исключение из правил покрытия. Есть несколько типов исключений, о которых вы можете попросить.

- Вы можете попросить нас о покрытии препарата, даже если его нет в нашем списке рекомендованных лекарственных препаратов. В случае одобрения этот препарат будет покрываться на заранее определенном уровне распределения расходов, и вы не сможете попросить нас предоставить препарат на более низком уровне распределения расходов.
- Вы можете попросить нас отменить ограничение на покрытие лекарственного препарата, в том числе предварительное разрешение, ступенчатую терапию или ограничение количества вашего препарата. Например, для некоторых лекарств в плане Central Health Medicare Plan есть ограничения по количеству лекарственного препарата, которое будет покрыто планом страхования. Если для вашего лекарства предусмотрено ограничение по количеству, вы можете попросить нас отступить от этого ограничения и увеличить покрываемое количество препарата.

- Вы можете попросить нас покрыть рецептурный препарат на более низком уровне распределения расходов, если препарат не относится к препаратам специализированного уровня. В случае одобрения это снизит сумму, которую вы должны заплатить за свой препарат.

Как правило, представитель нашего плана удовлетворяет запрос на исключение только в том случае, если альтернативные препараты, включенные в список рекомендованных лекарственных препаратов плана, препарат с более низкой стоимостью или ограничения на использование могут не быть для вас столь же эффективны и (или) привести к неблагоприятным медицинским последствиям.

Чтобы запросить переход на другой уровень или предоставление вам исключения из списка рекомендованных лекарственных препаратов, в том числе снятие ограничения на покрытие, вам или выписывающему вам рецепт лицу необходимо связаться с нами. ***При запросе такого исключения выписывающему вам рецепт лицу обязательно необходимо объяснить медицинские причины, по которым для вас нужно сделать исключение.*** Как правило, мы должны принять решение в течение 72 часов после получения подтверждающего заключения от выписывающего вам рецепт лица. Кроме того, если вы считаете, что ожидание решения в течение 72 часов может нанести серьезный вред вашему здоровью, и мы согласны с этим, вы можете запросить ускоренное (срочное) рассмотрение вашего запроса. В случае нашего согласия или если лицо, выписавшее вам рецепт, запрашивает ускоренное рассмотрение, мы должны предоставить вам решение в течение не более 24 часов с момента получения подтверждающего заключения от лица, выписавшего рецепт.

Что я могу сделать, если мой препарат не входит в список рекомендованных лекарственных препаратов или на него распространяется ограничение?

Как новый или постоянный участник нашего плана, вы можете принимать препараты, которые не включены в наш список рекомендованных лекарственных препаратов. Или, возможно, вы принимаете препарат, который входит в наш список лекарств, но на который распространяется ограничение покрытия, например, предварительное разрешение. Вам следует обратиться к выписавшему вам рецепт лицу по поводу запроса разрешения на покрытие, чтобы данное лицо подтвердило, что вы соответствуете критериям для утверждения/перехода на альтернативный препарат, который мы покрываем, или запроса на предоставление вам исключения из списка рекомендованных лекарственных препаратов, чтобы мы покрыли препарат, который вы принимаете. Пока вы определяете правильный курс действий со своим врачом, мы можем покрыть ваш препарат в определенных случаях в течение первых 90 дней вашего участия в плане.

Мы покроем временный запас на 31 день для каждого из ваших лекарств, которые не входят в наш список рекомендованных препаратов или имеют ограничения по покрытию. Если вам выписали рецепт на меньшее количество дней, мы позволим приобретать препарат несколько раз для того, чтобы максимальный запас лекарства составил 31 дней. Если покрытие не одобрено, по достижению вашего первого 31-дневного запаса мы не будем оплачивать эти препараты, даже если вы были участником плана менее 90 дней.

Если вы проживаете в учреждении долгосрочного ухода и вам необходимо лекарство, которого нет в нашем списке, или если ваша способность получать лекарства ограничена, но первые 90 дней членства в нашем плане прошли, мы покроем 31-дневный запас этого препарата в экстренном порядке, пока вы будете добиваться исключения из списка.
