Brand New Day Capitation and Eligibility Update

This is an advisory notification to delegated IPAs previously contracted with Brand New Day (BND).

What you need to know:

Important updates and deadlines regarding BND capitation payments and eligibility processes are now available. Please review the details below carefully to ensure your systems are updated and aligned with these changes.

Capitation Payments

- Centers for Medicare & Medicaid Services (CMS) issued the last capitation payment in December 2024.
- No additional payments will be made until Q3 2026, when CMS will release the final adjustment payment.
- There will be no annual adjustment for benefit year 2024.
- Capitation files for January through March 2025 will be generated and posted, but no payments will be issued until the final adjustment in Q3 2026.

Eligibility Updates (E-List)

- All BND memberships should have been terminated in IPA systems with an effective date no later than December 31, 2024.
- BND membership that transitioned to Central Health Medicare Plan will be reported on the Central Health Medicare Plan January E-Lists.
- We anticipate that CMS will send retroactive BND eligibility updates through the end of March 2025, with a final reconciliation occurring alongside the payment adjustment in Q3 2026.
- The plan will provide BND retroactive updates through March 2025 and additional updates in Q3 2026. The plan will email the updates directly to the IPA.
