

Don't go to the ER if you don't have to

Talk to a U.S.-licensed doctor by phone or video 24/7.

Teladoc Health provides high-quality virtual care from home or while traveling* so you can avoid the long waits and high cost of the ER. Our board-certified doctors are available after hours and on the weekends—24/7—all year long. We treat and prescribe medicine when needed for non-emergency conditions like the flu, allergies, coughs, sore throats, rashes and more.
